

Terminal Blocks

Ceramic Block

Our ceramic terminal blocks fit into all of our general purpose terminal heads. These are common and can be used for both RTD and thermocouple assemblies. They are field configurable for 2, 3, 4 or 6 wire configurations. The ceramic base protects against elevated temperature and the tin coated screw design terminals make for an easy termination.

Order Code : KN-2P-C
Thermocouple - Single
RTD - 2 Wires - Single

Order Code : KN-3P-C
RTD - 3 Wires - Single

Order Code : KN-4P-C
Thermocouple - Dual
RTD - 2 Wires - Dual
RTD - 3 Wires - Single

Order Code : DIN Plate

Order Code : DIN-2P-C
Thermocouple - Single
RTD - 2 Wires - Single

Order Code : DIN-3P-C
RTD - 3 Wires - Single

Order Code : DIN-4P-C
Thermocouple - Dual
RTD - 2 Wires - Dual
RTD - 3 Wires - Single

Order Code : DIN-6P-C
RTD - 3 Wires - Dual
